---

Kevin,

Jennifer Crawford and Donald Brown are planning to be in the field Tuesday and Wednesday the 17<sup>th</sup> and 18<sup>th</sup>. My understanding is that they should call Lisa Sebesta and/or Tom Mullen, probably on Monday afternoon and/or Tuesday morning, to find out at which locations they'll be sampling on those days. I'm assuming the mobile numbers listed below will work for reaching them in the field --- if not please let us know.

Also, if ARCADIS would please use the EPA key to remove and collect the locks from the EPA wells when you replace them with your locks (rather than cutting them off), we can reuse them on some other project in the future. We're not in any hurry to get the locks back.

Thanks,

Eric
